AUCTION: Most of this issue is our auction. Auction rules and lot descriptions appear on the following pages. The auction has been well supported with many donated and consigned lots. Please go through the descriptions carefully. Our auctioneer, Al Munro has listed both the Wells' Catalogue Number and a description to assist the bidders. There are a number of good pieces. Of particular interest is lot # 143, one of the Stratford, Ontario flats. It is in very good shape. The last one I purchased a few years ago cost \$45.00. Even if you have a particular wood, don't be afraid to bid on it. We can all use more traders. In many auctions no bids are received on a number of lots. Here may be your chance to pick up some inexpensive duplicates. Some lots may go high, many will probably go for under a \$1.00. Also, there are a number of 'bulk' lots. And remember the CAWMC treasury. Good luck.

FUTURE ISSUES OF TIMBER TALK: Because of the length of the auction a number of articles, new issues, advertisements, etc. will appear in future issues of Timber Talk. We will also be printing a list of new members and address corrections.

CHRISTMAS WOODS by Jerry Remick CAWMC # 196. (This article could not wait!) Now is the time to order your Christmas woods. Three firms can supply round Christmas woods, 1½" in diameter. Unfortunately Frank DeGilio writes me that due to serious arthritis, he is unable to supply all his customers with the lovely flat Christmas cards he has made for so many years. Mr. James Deluney, Box 952, Angus, Ontario LOM 1B0 offers a selection of 8 different Christmas woods (1½") printed in various colors and of various designs. The reverse side has room for the names of the sender and receiver. Cost is: 250 - \$25.00, 100 - \$10.00, 50 - \$5.00 with applicable tax and postage added. Upon request he will send an illustrated booklet of Christmas and other woods he will produce. U. S. residents may write CAWMC Member Gelvin Leeper, 1350 North Hancock St., Freemont, Nebraska 68025 for his illustrated list of wood designs (5 dif. for Christmas). Minimum order is for 500. The sender's name and a personal greeting is printed on the reverse. Mr. Leeper regrets that he is unable to ship wood to Canada. Elbee Co., Box 230, San Antonio, Texas 78291 also produces Christmas 'rounds.' He has 20 different Christmas designs. They are 1½" or 2" in diameter. Again a brochure is available. Minimum order is 100.

FREE WOOD OF THE MONTH: The wood pictured at the right has been donated by CAWMC Member Walter Loudon of Montreal. Thanks for the wood Walter.

That's all folks! Thanks to all those who donated and consigned wood for our Auction. Please send your bids in as early as possible. Good luck!

CANCELLATION WITH A DIFFERENCE: November 10, 1983 is the First Day of Issue for two new Canadian stamps. I will attempt to mail Timber Talk on that date with the new stamps. Canadian members of CAWMC may wish to check their envelope to see if it is a First Day Cover. Perhaps in the future when a 37¢ stamp is issued the U. S. members may get a First Day Cover.

A LETTER OF COMPLAINT: by Al Bliman

Dear Editor:

As a dedicated member of the association it bothers me that I must write a letter of this type. During the past year, I have written to over seventy members of our group and about another fifty to companies and institutions requesting their issues. The companies have a return ratio of 98%, but I am sad to say the return ratio from our own members is about 25%.

In all cases, I have sent SASE and in some cases a second letter plus the necessary funds. This is not restricted to only one section of Canada, but is nation wide. Members in the United States run at 100% in returns but our Canadian members have a lot to learn about reciprication. All requests to me are always answered if I can assist or if I cannot, but I always reply. You have my permission to print this letter. Perhaps, it may wake up a few of our members.

Yours truly,

(signed)

Al Bliman

EDITOR'S NOTE: I don't like to publish a letter such as Al's because it identifies a situation that should not exist. If it did exist there would be no need of such a letter. At times I am sure I have been guilty of what Al refers to. Perhaps we should all make a point to at least answer all letters that enclosed is a self-addressed stamped envelope (SASE). Surely the writer should have the courtesy of a reply.

FOR TRADE: Lakeshore Unitarian Church, Pointe Claire, Quebec (#4720-2E) and 1967 C.N.A. Ottawa wooden souvenir dollar (#5675-6). Will trade for woods of equal value. Write to: Paul Johnson - P. O. Box 41 Station 'O' - Toronto, Ontario - M4A 2M8 Canada.

FOR SALE: From Wallace Moase - 239 Water Street - Summerside, P. E. I. C1N 1B4 Canada at a cost of \$1.00 each plus SASE (32¢ in Canada, 37¢ to U.S.-note- U. S. stamps cannot be used in Canada). The wood is priced at \$1.00 because of the cost of two dies, added color (red), U.S. funds, and duty and taxes. Wood is pictured at the right.

See you all next month. Happy Collecting.
